ROCK STARS NUMBER DAY

On the first Friday of February, the school had a day full of fun and learning as the pupils dressed up as rock stars! The children came to school with interesting hairstyles, colourful outfits, and there were even a few guitars to be seen around the school.

Throughout the day, a variety of exciting and challenging mathematical activities were held, combining learning with fun. The highlight of the day was an hour on TT Rock Stars, where the pupils had the opportunity to practise their multiplication skills in an entertaining and competitive way.

The atmosphere was full of energy and laughter, and the day was a fantastic way to show that maths can be rock and roll!

WELSH MUSIC DAY

On the last Friday before half term, it was Dydd Miwsig Cymru (Welsh Music Day). We took part in the day by having a disco in the afternoon. Thank you to Siarter Iaithe Gwynedd for arranging for the school to join the presenter Marc Griffiths for a fun-filled session of Welsh music on Cymru FM! Before the day, the pupils had sent in requests for our favourite songs.

SWIMMING AND GYMNASTICS

In January 2026, Years 2-6 have been going to swimming and gymnastics lessons every Wednesday at Bro Ddyfi Leisure Centre.

We have learned how to move like small waves and big waves. To warm up, we run around the hall. We have been making bridges and balancing with friends.

I like going with the children from Ysgol Pennal.

CWIS DIM CLEM

We won the first round of the Dim Clem Quiz! The second round was on Tuesday the 3rd of February. We were up against twelve other schools from North Wales. The questions were about maths, general knowledge, sport, and Wales. We had lots of fun – some questions were hard and some were easy because we had been practising! We came 6th place with 26,180 points.

By Grace and Anya.

INTERNET SAFETY DAY

The school has taken part in Safer Internet Day and attended an online session organised by E-sgol, focusing on online safety and the role and impact of AI.

It is very important that pupils understand the importance of using the internet safely, developing responsible skills that enable them to use the internet confidently and securely.

THERMOMIX DEMO

On Wednesday, the 11th of February, parents and the Corris community came together for a Thermomix Evening.

We had a 'demo' from Gabriel Badescu of Proper Gander, Tywyn. Gabriel showed us the different kinds of recipes that can be made using the Thermomix. A big thank you to the Ysgol Dyffryn Dulas community for supporting the event to make sure that we can have a Thermomix for cooking lessons in the school.

FRENCH LESSONS

We have been having French lessons with E-sgol every Thursday this month. We have learned numbers such as un deux trois quatre cinq six sept huit neuf dix onze douze and learned how to have a conversation in French with a friend. We have also learned several songs which make it easier to remember the new words! It is fun learning a new language.
